

## **SGC E-LEARN N FIT VIRTUAL ASSIST DAY CAMP PARENT HANDBOOK 2021**

As we have ventured into a return to athletics, play and now assisted camps for virtual learning since Covid-19 first disrupted much of our daily routines, it is important to note that the health and safety of our students both mental, emotional, and physical is at the forefront of every program we offer. With that in mind here are some policies and procedures for our E-learn N Fit Day Camps.

### **Policies in Motion:**

It is important to note that all aspects of this pandemic with regards to state regulations, health guidelines, and the different needs of parents and children have been taken into consideration by us, and as they are changing and in flux we need to be able to adapt and adjust as needed to maintain the strongest policies and procedures possible. If necessary we will alter any portion of our policies if needed to maintain the best practices possible with regards to safety in our facility and the role we play facilitating that.

### **Rules and Policies in Effect:**

Given all of the above and our commitment to it, SGSC is asking for complete adherence to all policies set in place as laid out in this handbook. If a family, student, or athlete is unable to abide by these rules then they will not be allowed to continue in this program until or unless our program parameters change or renewed cooperation is achieved.

### **Shared Responsibility:**

As we continue to move forward while dealing with covid-19, it is important to note that SGSC will be implementing all of the recommended procedures put forth by the state, CDC, and OHA to the best of our abilities. No matter how much we prepare and execute, however, we cannot guarantee that we can eliminate any and all threat of viral spread of covid and or other viruses and are stating that plainly here. To that end we need to partner together. Please do not send a child in if you or any of your family are experiencing any flu like symptoms, a fever, a cough, or any other meaningful symptom that could indicate illness. If you yourself or a family member begins to experience any illness related discomfort please do not send your child into class until you are reasonably certain it is not more serious in nature. If you or your family members travel out of the state please take 10 days before you send your student back into the classroom to be sure that there was not an unintended spread that may lead to illness. Please let your student/students

know that the more we can work together to follow all rules we have set in place the more we can insure a higher level of safety for everyone in our groups.
